

Question 1.

- The IMI repository has been checked.
- A doubt remains as to the authenticity of a public document with regard to:
  - the authenticity of the signature
  - the capacity in which the person signing the document acted
  - the identity of the seal or stamp
  - the document having been forged or tampered with: **please specify in free text box**
- In view of the information available to you, does the attached image correspond to a public document issued in your Member State?

[Box with free text]

Response 1.

- Yes
- No.
  - This is indicated by:
    - the signature
    - the capacity in which the person signing the document acted
    - the seal or stamp
    - the document appears to have been forged or tampered with
- Verification is not possible because of:
  - Destruction of archive
  - Absence of register
- Verification has not been done because:
  - Public document does not fall within the scope of the Regulation
  - Public document has an apostille
  - Other reasons: please specify in free text box
